METHYMNEOS WINES
Mr Ioannis Lambrou, Producer

March 15, 2010

Dear Mr. Lambrou,

I would like to congratulate you for your great success at the United Nations yearly cultural, culinary and wine tasting event with participations from nearly a hundred countries, held on the 23d of January 2009 at the United Nations Headquarters in Geneva. During this event about six hundred diplomats and journalists accredited to the United Nations voted "Methymneos", the excellent wine you produce, wine of 2008 among dozens of known labels.

This success was I great honour, both for myself, as at the time I was serving as Permanent Representative of Greece at the United Nations, and for the whole of Greece.

Best Regards, *thanking you, sincerely,*

F. Verros
